APE CLASSIC 07/17

APE CLASSIC: one vehicle, two vocations

The unmistakable look and surprising performance specifications, for example the **loading capacity of 650 kg**, combine to offer a **unique mix of form and function** that render Ape Classic the ideal vehicle for **urban transport** applications, as well as an inimitable **mobile retail outlet**.

The **2017 model** offers comprehensive restyling and significant technical updates:

- **Renewed front** thanks to a large number of redesigned components.
- New, enhanced practical **instrument panel** and dashboard.
- **New euro 4 engine** offering improved performance and enhanced environmental specifications.

Thanks to its extreme flexibility, Ape Classic represents the ideal solution for the most recent trends, such as the **street food** sector.

Capable of rendering **any activity** not only instantly **recognisable**, but also of lending an **air of quality and prestige**, Ape Classic provides the ideal backdrop to any type of street vending business, from traditional products such as **coffee, ice cream and pizza**, to regional and **national specialities** and niche sectors such as **local delicacies** and **ethnic cuisine**.

And all this with close **attention to purchasing and running costs**, streets ahead of similar adaptations based on other vehicles.

Model Year 2017

Original, wrap-around dashboard, (which now houses the previously exposed elements), complete with lockable glove compartment, 12 V power socket, fittings for a car radio, and an instrument panel with redesigned graphics and a brake fluid level indicator.
